A Child Burned to Death.

New Brunswick, N. J., Oct. 25.-Carrie Brown, the six-year-old daughter of Jacob Brown of French street, this city, picked up a large bird cage in which some boys started a fire yesterday afternoon. She swung it around as she had seen them do, and the flames caught her light clothing. She dropped the cage and ran to the house crying for her mother. Mrs. Brown picked up a table cover to wrap around the child, but it too caught fire. The child was badly burned and died a few hours later.

Sir Robert Peel's Account.

London, Oct. 25.-The bankruptcy court recently gave its approval to a scheme by which the unsecured creditors of Sir Robert Peel were to receive 10 shillings in the pound, provided the sum of £10,000 deposited for that purpose was sufficient to go around to that extent, but a short time ago Mrs. Langtry tendered proof of Sir Robert's indebtedness to her in the sum of £4,500 and the deposit has consequently been increased to £12,500.

MRS. CARTER "PEEKED."

Actress Kate Davis Thinks Her Conduct Was Unprofessional-she Wants \$5,800 Damages.

New York, Oct. 25.-Actress Kate Davis was examined this morning in the suit she has brought against Charles Frohman and David Belasco for wages which she alleges were due her for an unexpired contract. Miss Davis asserts that she was discharged without just cause.

The trouble arose in the "Miss Holycott" company, of which Mrs. Leslie Carter was a member.

Miss Davis testified this morning that she was made ill by what she calls "the unprofessional conduct of Mrs. Carter," and that she had to quit the company on that account for a period of two weeks.

When she rejoined the company Mrs. Carter continued her annoyances, Miss Davis said.

"What were those annoyances?" asked Walter M. Rosebault, Frohman's counsel.

"Why," was the reply, "she peeked through the curtain at me while I was being applauded, hoping thereby to detract from my hits."

The examination was conducted before ex-Judge Ernest Hall-one of the fusion candidates for the supreme court.

Miss Davis created the part of Senora Della Torquemada in the play, "Miss Holycott," and made a decided hit when that play was produced here. She is now a member of the Castle Square Lyric Stock company of Boston.

Miss Davis' claim against the managers is for \$5,800. Messrs. Belasco & Frohman assert that Miss Davis absented herself without leave and absented herself objectionable by reason of her refusal to make the proper exits.

England is Alarmed.

London, Oct. 25.-The Pall Mall Gazette prints a long article commenting upon the dispatch published in the Times from its Hong Kong correspondent, stating that a treaty was recently concluded between Russia and China, by the terms of which Russia obtains the right of anchorage for her fleet at Port Arthur, the right to construct and operate railways, and other advantages of great commercial value.

The Gazette assumes that this practically means that Russia has annexed China, if the conclusion of the treaty is a fact. Japan, the paper says, will certainly refuse to leave Port Arthur, and England will oppose it to the death. The treaty also means the presence of Russian warships off Vancouver and Sydney, and England must act vigorously and immediately, both by means of diplomacy and by getting her fleets ready for sea.

The Globe, in an article on the same subject, says:

"Neither England, the United States, Japan nor Germany will sanction a partition of China which would virtually render the Pacific ocean a Franco-Russian lake and seal the markets of China against their commerce."

The St. James' Gazette says: "It is obvious that if Russia has conquered China into such an agreement we must intervene. War with Russia, with all its risks and possibilities, would be less disastrous than to allow her, without striking a blow, to get such a grip on China."

Balfour's Trial Begins.

London, Oct. 25.-The trial of James Spencer Balfour and the other defendants, Brock, Wright, Theobald and Dibley, in the alleged Liberator Building society funds, was begun in the queen's bench division of the high court of justice this morning. Justice Sir Cainesford Bruce presided. It is expected that the trial will last three weeks in view of the enormous amount of documentary evidence to be introduced and the length of the indictments.

The charge against the defendants is generally that of fraud in making false entries and publishing false balance sheets in connection with the Liberator and other companies. Balfour is further charged, separately from the other defendants, with having obtained £20,000 by false pretences from the House and Land Investment trust.

Attorney General Sir Richard E. Webster leads the prosecution and John O'Connor leads the defence. Balfour appeared to be in excellent health and listened intently to the presentation by Mr. O'Connor of technical objections in his behalf. The court room was crowded.

Twelve Buried in the Debris.

Cleveland, Oct. 25.-Reports from Clyde, O., state that about ninety feet of the east wall of the Elmore Manufacturing company's factory fell into the street at 7:30 o'clock this morning. A dozen persons were buried in the debris. Two were fatally injured and seven others seriously hurt.

Early this morning workmen began to dig a trench near the wall. Foundations were weakened and it fell outward.

The floors sank and the workmen and machinery were precipitated on the pile of debris.

Joseph Becker, one of the proprietors, was seriously injured about the head and hips. Archie Holloway and Frank Cook received internal injuries that will prove fatal.

Stubborn Fire in Albany.

Albany, Oct. 25.-The firemen fought a stubborn fire in the heart of the business district for five hours and a half last night. The fire started in B. Stark's millinery and fancy goods store, and spread to the upper stories of adjoining buildings. The loss is \$100,000. Assistant Fire Chief Griffin, while directing the fight in the rear, attempted to cross the roof of the burning building, when it fell in, and he was thrown through two skylights to the floor of Elliott's cafe on James street. He was conscious when help came to him, and wished to remain on duty, but was ordered to go home. It was reported this morning that he is seriously injured. He is sixty-five years old.

Will be Tried Next Week.

Boston, Oct. 25.-General Hyde, the president of the Bath Iron Works, says that the Ammen ram Katahdin will be tried a week from Saturday.

The License Question in London.

London, Oct. 25.-The chamber of the London county council was crowded this forenoon, when the council took into consideration the decision of the licensing committee to grant unrestricted licenses to the Palace and Empire music halls.

Speeches were made for and against free license, and restricted license, and the council finally, by a vote of 50 to 47, reversed the decision of the committee in regard to the Palace and re-imposed upon that place the restrictions which were formerly in force. The council then proceeded to consider the case of the Empire.

While the council was discussing the case of the Empire Earl Russell, a member of the council and a radical, condemned such restrictions as being placed upon the license of that place of amusement, characterizing them as irritating to the persons affected by them and productive of no good results.

An amendment offered by a progressive member moving that the council refuse to grant a license for the promenade was rejected by a vote of 62 to 45. The result of the vote was received with loud cheers. The council then formally granted an unrestricted license to the Empire, and the cheering was renewed.

The motorman of the car, William McMahon, was arrested.
